

CIRCULATION STATISTICS 2012

Updated 18.9.2013

The first figure in the composition of the circulation (-/-/-) indicates the share of subscriptions and single copies that have been sold at 0 to 50 percent discount, the second figure indicates the share of bulk subscriptions and bulk single copies sold at the discount of 51 to 85 percent, the third figure indicates the share of copies sent to members of an association or registered customers or the like, and the fourth number indicates the share of free copies included in the circulation. If the share is under 0.5 percent it is shown in the statistics as 0, if the group in question does not include any subscriptions or copies, a dash (-) is shown. Due to the rounding off, the total of the composition of the circulation is not necessarily 100.
